# Town of Discovery Bay CSD Budget Message est. 1998

June 19, 2013

Dear Board of Directors,

I am pleased to submit to the Town of Discovery Bay Board of Directors the Town's financial plan for the fiscal period July 1, 2013 through June 30, 2015. The annual Revenue, Operating and Capital Improvement Program budgets are the planning tools utilized by staff and the Board to track revenues and expenditures over the respective forecast period.

For the FY 2013-14 planning horizon, staff has prepared a two-year budget document. The two-year budget provides staff and the board with an improved planning forecast. While you are presented with a two-year budget, the Board only adopts the first year of the Budget, and each successive budget is adopted annually. The second year of the O&M and the remaining four years of the CIP are included in the document but not included in the discussion below.

This budget is balanced and presents a spending plan where revenues meet expenditures. The Board and public will be presented with a complete financial outlook of the district's finances relative to operating expenses and the day-to-day expenditures necessary to operate the district in a prudent and efficient manner. This budget also includes a Capital Improvement Program that continues to address the long-term capital needs of the District. As will be addressed below, the August 2012 Board action establishing the Discovery Bay Public Financing Authority played an essential role in addressing the long term capital needs of the Town of Discovery Bay. In addition, we continue to fund the capital replacement fund in the amount of \$525,000 annually. This fund provides long term resources for future capital asset replacement in the areas of buildings, vehicles, equipment, as well as underground infrastructure. This structural fund is an essential component of long term financial sustainability for the Town. The ongoing programming of these funds will play a critical role in the Town's ability to plan for its long term financial needs.

For FY 2013/14, the O&M shows an increase of \$1,153,204 or 18%. The O&M budget net of debt service; contribution to reserves; and repayment of borrowed reserves shows an increase of \$273,417 or 6% over the current year. The Capital Improvement Program (CIP) Budget continues to track with the five (5) year CIP Budget. The CIP is planned at \$7,272,001 for the coming fiscal year.

I would like to thank and acknowledge Board President Ray Tetreault and Board Vice President Mark Simon for their contribution to the FY 2013/15 budgetary process. The committee completed their work and recommended the preliminary budget be submitted to the Board of Directors for consideration.

### **DISCUSSION**

There were three projects of significance that took place during the Fiscal 2012/13 year and one blemish in the Town's history which was resolved to the Town of Discovery Bay's benefit.

The first and most significant project resulted in the establishment of the Discovery Bay Public Financing Authority (DBPFA). In August 2012, the DBPFA issued \$14.1 in water and wastewater enterprise revenue bonds. Benefitting from a Standard and Poor's municipal credit rating of AA-, the Town obtained historically low interest rates of 4.000% over thirty years to provide the financial resources necessary to facilitate needed improvements to the wastewater infrastructure network as well as construct new Well 07 for long term water supplies. A detailed list of projects that are funded by these revenues can be seen in the CIP section of the Budget. The Capital Financed projects are identified in the CIP in *dark green*. Almost all of the projects scheduled to receive bond funding are either in construction, are under design, or are in the initial planning stages.

The second project of significance was the February 2013 purchase of the Discovery Bay Community Center. Formerly known as the Discovery Bay Athletic Club, the 7.25 acre parcel includes a number of amenities including an 8 court tennis center, swimming pool, lush landscaped grounds, and a 5,000 square foot building. A dream of Discovery Bay for over 20 years, the site acquisition will allow the Town the ability to provide a centralized location where community based programming is to be offered that will stimulate, educate and enrich the lives of people within Discovery Bay and that is complemented by a system of parks, recreation areas and other facilities aimed to encourage recreational and leisure time activities.

The Community Center project is an integral component of the budget for Fiscal 2013/14. Included in the preliminary budget is \$552,500 for the renovations of the community center building. This renovation, if authorized, would occur in the 4<sup>th</sup> quarter of 2013, with an anticipated opening date of March 1, 2014. At that time, the TODB would embark on a modest yet well thought out series of programs including tennis, swimming, arts and crafts and nutrition as well as a variety of other community based programs.

The third significant project that took place in the past year was the landscape enhancement project that took place on Clipper Drive. The Clipper Drive project borrows many of the landscape themes utilized on the Discovery Bay Boulevard project that was completed during Fiscal 2011/12. The resulting project is a significantly improved streetscape.

Also in 2013 the TODB resolved the long standing matter pertaining to the sanitary sewer overflow that occurred at The Lakes development in the summer of 2008. The Town prevailed in a legal action filed by

the Town against SouthWest Water, the Town's former water and sewer contractor. This action closed the book on the matter and the Town was reimbursed \$35,000 in legal fees and as well as the fines paid to the State of California in the amount of \$230,700. I can honestly say that it is nice to put this issue to rest.

For the most part, this budget represents a "status quo" financial plan. Other than the Community Center, there are not any *anticipated* program changes in the forecast period. However, the Community Center moved staffing to the tipping point, and it is with regret that I must recommend the addition of two Full Time Equivalents (FTE). These two FTE's are both in the Parks and Landscape area, and include the addition of a Parks and Maintenance Worker I position as well as a Recreation Program Coordinator. The former position will start on July 1, 2013 and the latter position will have an initial start date of September 1, 2013. A copy of the proposed FY 2013-15 Position Schedule is included as a part of the proposed budget.

For Fiscal Year 2013/14, the Budget breaks down as follows:

Proposed FY 2013 – 14 Operating and Capital Improv	vement Program Budget
Total O&M Budget	\$4,876,550
Debt Service	\$828,000
Contribution to Reserves	\$492,453
Total Capital Budget	\$6,747,001
Total Infrastructure Replacement Fund	\$525,000
Grand Total Expense Budget	\$13,469,004
Grand Total Revenue	\$13,469,004

The Operating and Maintenance (O&M) section of the budget is proposed to be \$6,165,337 for the coming fiscal year. Increases to the Operating plan can be seen in Salary and Wages where a proposed increase of \$141,199 over current year projected actuals occurs. This increase represents a variety of factors, including properly accounting for payroll taxes, two (2) new FTE's, accurately attributing staff time to landscape related activities, a modest increase to payroll as well as increased workers compensation expenses. Other areas of increased spending in the O&M Budget include a more accurate reflection of expenditures based upon past years' historical data as well as current and future contractual obligations. This is evident in contractual increases to Veolia Water and anticipated expenses in litigation.

The District's website, <a href="www.todb.ca.gov">www.todb.ca.gov</a>, continues to be populated with relevant information, documents, and materials. The website went through a significant upgrade this past spring and the changes and ease of access and file location has proved to be more accessible for all users of the site. Staff will continue to populate the site with information that is appropriate to our mission.

Our long term contract with Veolia Water is now entering its Third year. Dividends are obvious, and the overall Water and Wastewater Operation is being managed and supported by arguably the most qualified staff in the District's history. We look forward to continuing to develop our ongoing partnership with Veolia.

Over the past year, the District has initiated or completed a number of parks and landscape projects. Some of these projects are relatively small in size and scope, while others are significantly more extensive. There have been many other landscape beautification projects throughout town including the Newport Drive Planting Improvements, Point of Timber Planting Improvements and the Cornell Park Bench and Picnic Table upgrades. Cornell Park lighting replacements are scheduled for construction in June 2013.

The Capital Improvement Program (CIP) proposes expenditures of \$7,272,001, with a large portion of those needs derived from the Water and Wastewater Master Plan studies. Those studies have been previously accepted by the Board of Directors during FY 2011-2012. As previously discussed, the projects contained in those plans are either under construction, in design, or in the preliminary planning phases. FY 2013-2014 will be a busy year as a number of projects currently in design will be under construction.

As noted previously, this budget also includes \$525,000 in Infrastructure Replacement funds for above and below ground infrastructure needs. The addition of the Infrastructure Replacement Fund was specifically addressed and again recently noted as a positive addition to the budget by the District's independent auditors.

This budget represents a budget where revenues match expenditures. The attached FY 2013-14 Operating and Maintenance, Capital Improvement Program, Capital Replacement Fund and Revenue projections represent a spending plan that is sustainable based upon projected revenues meeting projected expenditures of \$13,469,004.

Key to the preparation of this budget was to ensure all carry-over projects are properly accounted for, that revenue projections are based upon historic and anticipated revenues, and that spending is prudent and sensible. These budget totals reflect Encumbrance(s) Carry Over (re-Budgeted fees) of \$0 for O&M and \$161,332 for Capital Improvement Projects that are either under construction or pushed into FY 2013-14 and beyond.

The Town of Discovery Bay is presently in the process of reviewing rates for water and wastewater collection for the coming four year forecast period. We are fortunate to have engaged the services of Bartle and Wells Associates (BWA) in that effort. BWA is the leading rate structure analytical firm in California. In initial discussions and document reviews with BWA, it is likely that a very modest rate increase of 2.7% will be recommended for the coming fiscal year. This will moderate somewhat two consecutive years of double digit increases and provide relief to homeowners into the foreseeable future. The study is anticipated to be approved by the Board of Directors on June 19, 2013.

The primary sources of revenues are derived from Property Tax charges for water and wastewater usage, charges for commercial sewer and water, and charges for residential water service. The remaining revenue sources can be attributed to miscellaneous reimbursements, charges and fees. On the Parks and Landscape side of the house, revenues are generated by Landscape Zones 8 and 9, as well as with landscape contracts with Contra Costa County for County Zones 57, 61 and \$327,000.

Revenues are projected to be \$13,469,004 and include the aforementioned projected rate increase and \$5,435,690 related to proceeds from Financing for capital projects.

Again, I am pleased to present a budget where revenues meet expenditures, where staffing levels meet projected needs, and where service levels continue to improve. More importantly, however, it begins the multi-year process of ensuring that the District's infrastructure needs continue to be met while offering a strategic look at the overall assets of the District.

This budget document is the culmination of considerable effort on behalf of staff, and I would like to thank those that participated in its production, including Water and Wastewater Manager Virgil Koehne, District Engineer Gregory Harris, Parks and Landscape Manager Fairin Perez, and Finance Manager Dina Breitstein. Their efforts, and those of their respective staff are appreciated and I am grateful for their assistance.

Respectfully submitted,

Rick Howard General Manager

### The Town of Discovery Bay Community Service District: At a Glance

Discovery Bay was established in the early 1970's as a weekend and summer resort community. Today, Discovery Bay has evolved into a thriving year-round home for more than 13,000 residents who enjoy small-town living against the backdrop of over 1,200 miles of Delta waterways. Discovery Bay boasts a full-service marina, three (3) public schools, one (1) private school, as well as two (2) shopping centers and a planned business park. However, this small town is no longer limited to Delta waterfront homes; it has developed into a community that provides something for everyone. Discovery Bay offers gated waterfront homes as well as Country Club homes located on a world-class golf course designed by Mike Asmundson. There are two (2) gated communities; Lakeshore and The Lakes, as well as nearby Ravenswood, a community planned around a public park.

The approximately 9 square mile area known as the Town of Discovery Bay Community Services District (TODBCSD) was formed in 1997 following a vote of the people to form an Independent Special District with the purpose of providing essential public services to its residents. The Contra Costa County Local Agency Formation Commission (LAFCO) has authorized the TODBCSD the responsibility of providing the following special services to the residents of Discovery Bay:

- Water supply collection, treatment, and distribution
- Wastewater collection, treatment and distribution
- Parks and Landscape Maintenance
- Recreational Activities (Coming Soon)

### **District Form of Government**

California's Independent Special Districts are legislatively authorized pursuant to California Government Code Sections 61000-61850. The Town of Discovery Bay Community Services District is governed by an elected five (5) member Board serving staggered four (4) year terms. The Board employs a General Manager to administer the day to day operations of the District.

### **Population**

The 2010 census shows the total population in Discovery Bay to be 13,352 people.

### **Water Services**

The Town of Discovery Bay CSD owns and maintains over sixty (60) miles of water mains in seven (7) residential developments: Discovery Bay West (Village 1, 2, 3 and 4, and Ravenswood); and two (2) of the older developments (Discovery Bay Proper and Centex). Currently, the District owns and operates five (5) water production wells that are located throughout the District and are capable of producing five million gallons of domestic water per day. The raw water is then treated in two (2) water treatment facilities with water storage capacity of 2.5 million gallons of treated water for customer distribution. The total water requirements of Discovery Bay are currently about 1,300 million gallons per year, which equates to an average daily demand of 3.6 million gallons per day.

### **Wastewater Services**

The District provides wastewater collection, treatment and distribution services to approximately 5,800 homes and businesses located in the town. The wastewater treatment process goes through two (2) separate conveyance systems; Plant 1 and Plant 2. Wastewater Treatment Plant 1 is located just north of Highway 4, within the Discovery Bay Development area. Wastewater Treatment Plant 2 is located south of Highway 4 at the Town's eastern boundary. The two (2) plants are interconnected and are dependent upon each other for various functions.

In order to facilitate and transport the raw wastewater to the main wastewater treatment, the District utilizes 15 wastewater lift stations to move the waste through 50 miles of sewer mains. The plants are capable of producing an average of 1.8 million gallons of wastewater per day. The wastewater treatment plants currently include an influent pump station, influent screening, secondary treatment facilities using oxidation ditches, and ultraviolet (UV) disinfection prior to discharging the treated water into Old River.

The water and wastewater facilities are operated and maintained by Veolia Water N.A. under a multiyear agreement with the TODBCSD.

### **Parks and Landscaping Services**

The District maintains all the public parks and publically owned landscaped areas in Discovery Bay. Over the past few years, the Board of Directors has established priorities to improve the landscape areas of Discovery Bay. Improvements can be seen throughout town, including the recently completed Discovery Bay Boulevard landscape enhancement project. The District has also initiated a number of

projects within our parks system, including the recent completion of the Ravenswood Park Splash Pad, and the new playground at Cornell Park.

The landscape areas in Discovery Bay are broken down into five (5) landscape zones. Two (2) of those zones are owned by the TODBCSD, with the remaining three (3) owned by Contra Costa County, and maintained under contract by the District. The five Landscaping & Lighting zones are:

### Discovery Bay Landscape & Lighting Zone #8:

Zone 8 is owned and maintained by the Town of Discovery Bay CSD. This zone includes the landscape streetscape frontages along Highway 4, Clipper Drive, Discovery Bay Boulevard, Willow Lake Road, and a variety of smaller landscaped areas. Cornell Park & Roberta Fuss Tot Lot are also included in this zone.

### Discovery Bay Landscape & Lighting Zone #9 (Ravenswood):

Zone 9 is owned and maintained by the Town of Discovery Bay CSD. This zone includes the landscape streetscape frontages along Wilde Drive and Poe Drive. Ravenswood Park is also included in this zone.

### Contra Costa County Landscape & Lighting Zone #35:

Zone 35 is owned by Contra Costa County; but is maintained by Town Of Discovery Bay CSD. The zone includes the landscaped median islands on Bixler Road at the intersection of Highway 4, and a pedestrian pathway from the Sandy Cove Shopping Center to Newport Drive. There are also included two pedestrian bridges along the path.

### Contra Costa County Landscape & Lighting Zone #57:

Zone 57 is owned by Contra Costa County; but is maintained by Town Of Discovery Bay CSD. This zone includes all landscaped streetscape frontages in and outside of the Centex Development, along Highway 4, a portion of Bixler Road, and two (2) small parking areas. Regatta Park is also included in this zone.

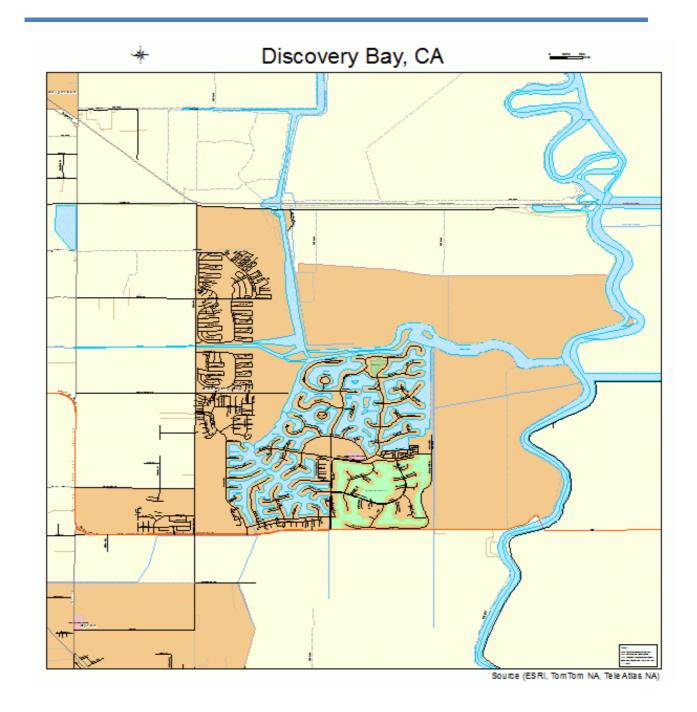

### Contra Costa County Landscape & Lighting Zone #61:

Zone 61 is owned by Contra Costa County; but is maintained by Town Of Discovery Bay CSD. This zone includes landscaped streetscape frontages along a major portion of Bixler Road, Point of Timber Road, the Park & Ride lot, a portion of Newport Drive, Preston Drive and Slifer Drive. Slifer Park is also included in this zone.

### **Recreation Services**

The Town of Discovery Bay Community Services District is also responsible for providing recreational activities to the residents of the District. The most important project currently underway related to recreation services is the proposed community center project. Once the community center is built, it is anticipated that community recreational programs and activities will take place within the new facility.

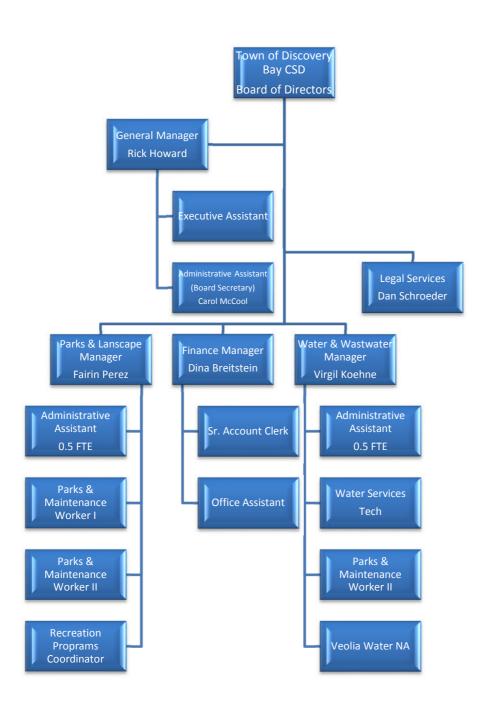

The Town of Discovery Bay lies within the metropolitan statistical areas of San Francisco/Oakland/San Jose. However, it is geographically closer to the farmlands of the central valley and the cities of Brentwood, Stockton and Tracy. The proximity to the employment centers of the Bay Area and those of the Central Valley determine the labor pool from which the District recruits its workers. In order to maintain a qualified and motivated workforce, it is necessary to provide a salary and compensation package that is commensurate within industry norms and within the financial means of the District.

Department:	General Manager
Program Area:	Administration

### **Program Description:**

The Town of Discovery Bay CSD Administration Department is comprised of the Administration functions and operates under the Board of Directors where the Board of Directors acts as the legislative policy making body and the General Manager serves as the administrative head of the District. The Administration Program provides information necessary for the Board of Directors to establish priorities and make well-informed decisions on policy matters. In addition, this program provides staff support for ad hoc or advisory committees formed by the Board of Directors on an as-needed basis. In general, the Administration program supports and directs all departments, enabling them to carry out day-to-day operations, services and planning efforts.

### Accomplishments, 2012-2013:

- Formed a Joint Powers Authority with neighboring Byron Bethany Irrigation District paving the way for the establishment of the Discovery Bay Public Financing Authority (DBPFA). In August 2012, the DBPFA issued \$14.1M in Discovery Bay Public Financing Authority 2012 Enterprise Revenue Bonds to provide the necessary long term funding for a series of capital improvement projects that were identified as a part of a detailed analysis of our existing system necessities.
- Closed escrow on a 7.25 acre parcel for the Town's Community Center. The site was formerly the
  Discovery Bay Athletic Club, and is located at 1601 Discovery Bay Boulevard, across from the Discovery
  Bay Shopping Center. The site consists of a 5,025 sq.ft building, an 8 court tennis center, and an 110,000
  gallon swimming pool, and additional amenities include lush landscaping as well as bbq and picnic areas.
- Completed telephone system upgrade resulting in improved productivity and customer satisfaction.
- Completed upgrade to the District's computer network, added VPN, redundancy, and increased internet bandwidth allowing for improved electronic transfer of data, documents, and information.

- Provide management and oversight of the District's Capital Improvement Program
- Successfully oversee the implementation of the Community Center, it's programming and activities.
- Establish the Town of Discovery Bay Community Service District as a "District of Distinction" through CSDA.

Welcome to ...

## **ACCOUNTING**

..the department where EVERYBODY counts!

ONLY
ACCOUNTANTS
CAN SAVE
THE WORLD!

Through Peace, Goodwill and Reconciliations.

Department:	Financial Services
Program Area:	Administration

### **Program Description:**

The Town of Discovery Bay CSD Administration Department is comprised of the Administration and Finance functions and operates under the Board of Directors where the Board of Directors acts as the legislative policy making body and the General Manager serves as the administrative head of the District. The Finance program operates a governmental accounting, reporting and records maintenance system that provides financial information to both as well as external users and internal management. This program controls and monitors the receipt and disbursement of public funds in compliance with statutory requirements and professional accounting standards. This program also has the responsibility for coordinating all external auditing functions including the annual financial audit and audits by all outside agencies. The Finance function is responsible for the continuing development of financial accounting software and implementation of new technology to increase efficiency in accounting processes and to improve both internal and external reporting. This program also oversees the implementation of any new accounting pronouncements by the Governmental Accounting Standards Board (GASB). The payroll function of this program processes payroll for all District employees including interfacing with the District's payroll service provider and assuring compliance with all regulatory requirements, laws and District policies pertaining to payroll.

### Accomplishments, 2012-2013:

- Successfully coordinated with the water department to resolve broken/non-working fireflie readings from 250 no reads to 38 no reads.
- Enhanced relationship with auditors and developed improved techniques for job duty separation to avert the possibility of fraudulent behavior.
- Developed a positive relationship with the County (special districts and auditor's office) to better
  understand their practices and why they work as they do, and collaboratively identified methods
  to streamline our processes and to work more efficiently as financial partners and members of the
  same team.
- Created new accounting codes and CIP codes providing the Town a better financial accounting system of budgeting that allows for improved and enhanced levels of detail.
- Worked with Caselle to prepare for conversion into new financial software
- Developed and prepared a more detailed O&M and CIP budget for the 2012-2013 year.
- Developed a Finance calendar providing staff key dates in order to ensure compliance to internal and external requirements.

- Recommended for Board Consideration and eventual implementation of the Investment, Reserve, Credit Card, and Disposition of Surplus Property policies.
- Established the TODB CSD Developer Deposit Holding Fund at ECC Bank

- Review all internal and external Finance policies in regards to internal controls Best Practices.
   Update or develop accordingly.
- Streamline and review issues with Datamatic Corp. who provides wireless services for our water meter reads and billing system.
- Fully implement new Caselle Financial Suite Software, including Purchase Order tracking
- Review processes and look for areas for automation such as filing and financial reporting.
- Provide staff training pertaining to financial and billing systems, educational requirements as well as staff development training.
- Develop procedure pertaining to financial reporting, including preparing a month end reporting.
- Develop more comprehensive financial reporting models.

ALIFOR!

Department:	Public Services
Program Area:	Water Quality

### **Program Description:**

This Program provides water production, treatment & distribution to approximately 6,000 homes and businesses. Specifically, the Water Program provides information necessary for the Board of Directors to establish priorities and make well-informed decision in regards to the Town's water matters. The Water Quality program is responsible for the enforcement of regional water quality regulations. Response procedures have been developed to react to citizen water quality complaints and to pursue violations observed in the field. The program also assists with the development of water quality educational materials and outreach.

### Accomplishments, 2012-2013:

• In August 2012, the Town of Discovery Bay issued \$14.1M in Discovery Bay Public Financing Authority 2012 Enterprise Revenue Bonds to provide the necessary long term funding for a series of capital improvement projects that were identified as a part of a detailed analysis of our existing system necessities, inlouding the planning, development and construction of Well No. 07.

- Finalize design and construct Well No. 07 providing the community a long term sustainable water source.
- Continue to monitor rules and changes in law relative to safe drinking and water quality requirements.

Department :	Public Services
Program Area:	Wastewater

### **Program Description:**

The Town of Discovery Bay Wastewater Program provides for the collection, conveyance, treatment and discharge of treated effluent. Specifically, the Wastewater Program provides information necessary for the Board of Directors to establish priorities and make well-informed decision in regards to the Town's wastewater matters. In addition, this program provides staff support for ad hoc or advisory committees formed by the Board of Directors on an as-needed basis. In general, the Water program supports and directs the wastewater contractor, enabling them to carry out day-to-day operations, services and planning efforts. In addition, this program negotiates, administers, implements, and approves contracts for the provision of municipal services.

### Accomplishments, 2012-2013:

- Completed Wastewater Master Plan
- Completed Capacity Fee Study and Adopted new fee structure
- In August 2012, the Town of Discovery Bay issued \$14.1M in Discovery Bay Public Financing Authority 2012 Enterprise Revenue Bonds to provide the necessary long term funding for a series of capital improvement projects that were identified as a part of a detailed analysis of our existing system necessities.
- Successfully resolved lawsuit between Southwest Water and the Town of Discovery Bay t the satisfaction of the Town.
- Completed UV Bank 4 Upgrade CIP project; completed majority of Bio-Solids Project, and made progress in preparing for the capital financed projects construction.

- Complete Bio Solids Project.
- Begin and complete construction on Lift Station W, influent pump station and emergency storage lagoon project.
- Finalize design and begin construction on the oxidation ditch, splitter box, and clarifier project.

Department:	Parks & Landscaping Services

Program Area: Parks & Landscaping

### **Program Description:**

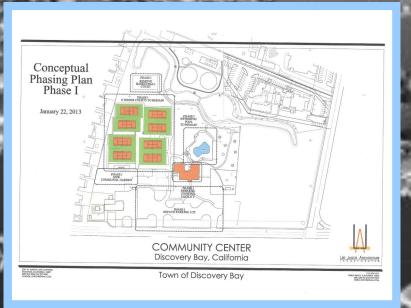

The Parks and Landscaping Program provides for the planning, maintenance & capital needs of the parks & landscaping network in Discovery Bay. Specifically, the Parks & Landscaping Program provides information necessary for the Board of Directors to establish priorities and make well-informed decision in regards to the Town's parks and landscaping matters. This program provides a comprehensive maintenance and rehabilitation program for 5 parks and the streetscapes inside Discovery Bay. In addition the maintenance and rehabilitation program includes repair and maintenance of the parks within Zones 8, 9, 35, 57, 61 and the Park n Ride area. This program conducts preventative maintenance on streetscapes, which includes design and planting and ensuring proper drainage. This program maintains and replaces all plants and trees to ensure health, vitality and visual appeal as well as maintains inventory lists annually to project funding and scheduling of future repairs, projects and replacement.

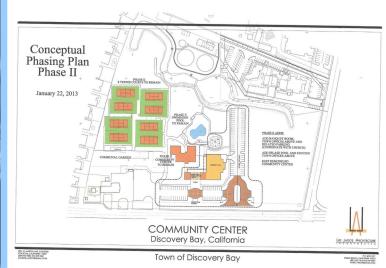

### Accomplishments, 2012-20113

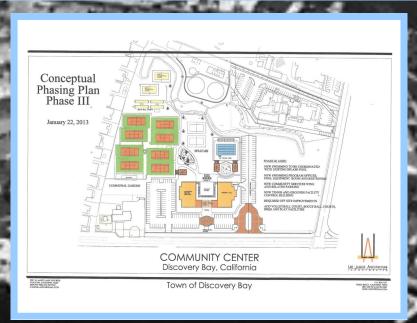

- Cornell Park Lighting Upgrades (Solar)
- Adoption of Park Ordinances
- Addition of Blue Star Memorial at Slifer Park
- Newport Drive Landscape Enhancement Project
- Clipper Drive Landscape Enhancement Project
- Tree Trimming Program implemented, including Staff Safety Training
- Integration of Community Center operations
- Addition of new Community Garden
- Inventories completed for Zone 61 and Zone 57

- Upcoming Projects: Shade Structures at Slifer Park; Highway 4 Landscape Enhancement, Bixler Road Landscape Enhancement, Point of Timber Landscape Enhancement
- Parks & Landscape Master Plan
- Complete Park Transfers (Slifer & Regatta)
- Increasing recreational opportunities at District's Parks

Damanton and	Parks & Landscaping Services
Department:	Parks & Landscaping Services

Program Area: Recreation Services

### **Program Description:**

New for FY 2013-2015, the Recreation Services program was established to provide community based and age appropriate recreational programming. These activities will be the byproduct of the purchase of the Discovery Bay Community Center in FY 2012-13. Recreational activities take place throughout town; and the Community Center is the central location for those activities.

### Accomplishments, 2012-2013:

- Closed escrow on a 7.25 acre parcel for the Town's Community Center. The site was formerly the Discovery Bay Athletic Club, and is located at 1601 Discovery Bay Boulevard, across from the Discovery Bay Shopping Center. The site consists of a 5,025 sq.ft building, an 8 court tennis center, and a 110,000 gallon swimming pool. Additional amenities include lush landscaping as well as bbq and picnic areas.
- Transitioned prior athletic club operation into the Town and operated the facility through June 30, 2013 in that capacity.
- Worked with Community Center Committee to help identify programs, hours of operations of the different facilities, and budgetary considerations moving forward.

- Open swimming pool for community wide use in FY 2013-15.
- Provide enhanced community based and age appropriate recreational programming.
- Encourage all residents of Discovery Bay to visit and participate in activities.

# **Budget Summaries**

- \* Revenues "where the money comes from"
- Water & Wastewater Operating & Maintenance Budget
- ❖ Water & Wastewater Capital Improvement Budget
- Lighting & Landscaping Zone 8 Operating & Maintenance Budget
- Lighting & Landscaping Capital Improvement Budget
- Recreation Operating & Maintenance Budget and Capital Improvement Budget

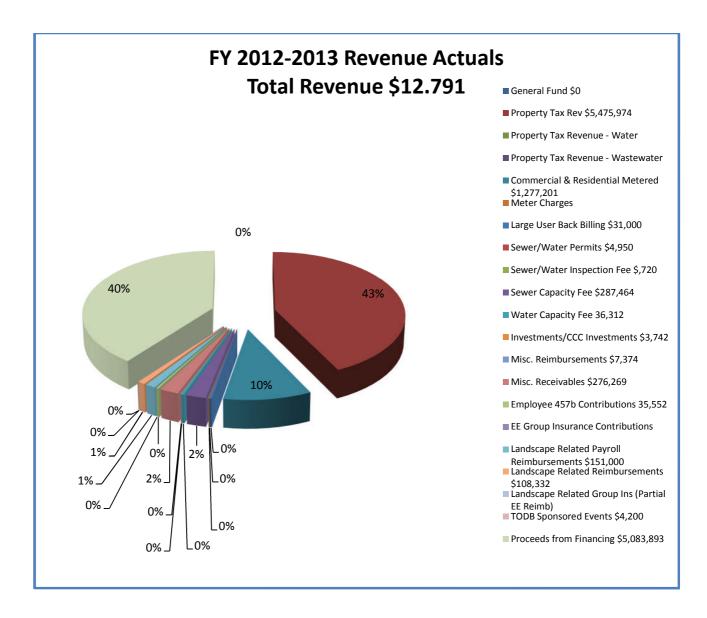

### Revenues – "Where the money comes from"

The following table identifies the various sources of revenue that can be anticipated during the course of the coming fiscal year. As is evident in the table, the primary sources of revenues are derived from Property Tax charges for water and wastewater usage, charges for commercial sewer and water and residential water service fees. The remaining revenue sources can be attributed to miscellaneous reimbursements, charges and fees.

Of the approximately 5,000 residential and commercial properties in Discovery Bay, roughly 2,200 are billed for water use through meters. The remaining 2,800 properties are scheduled to receive water meters prior to the state mandated date of 2024.

# Town of Discovery Bay Community Services District Contra Costa County, California Revenue Budget

# Town of Discovery Bay Community Services District Contra Costa County, California Operations and Maintenance Budget

The Operations and Maintenance Budget for the Fiscal Year 2013-15 represents the day-to-day spending plan that meets the needs of the District and keeps it running smoothly and efficiently. The proposed plan was developed by forecasting actual historical expenses and known costs and integrating that data into a fiscal spending plan that best represents anticipated future expenditures.

For FY 13-15 the O&M budget remains essentially the same as FY 2012-2013. The Operations and Maintenance (O&M) program has a proposed spending plan of \$6,165,337 in FY 13/14 and \$5,828,261 in FY 14/15 for a total of \$11,993,598 over two years. This represents an increase of \$1,153,204 or 18% over FY 2012-2013 and (\$337,576) over FY 13/14. Increases to the O&M program are evident in the Salary & Wages section where an increase of \$33,500 in FY 13/14 in Workers Compensation the addition of two staff members also contributes to the increase. The majority of the increase is in FY 13/14 in Debit Services with an increase of \$419,000 or 50% over the previous year and Repayment of Borrowed Reserves for \$210,000 which replenishes the Town's Reserve Fund used for the purchase of the Community Center. These increases represent a variety of factors, including properly accounting for Insurances, accurately attributing to consulting activities in regards to the Water and Wastewater Master Plan.

# Town of Discovery Bay Community Services District Contra Costa County, California Capital Improvement Program Budget

The Capital Improvement Program for Fiscal Year 2013-2015 is valued at \$12,172,131 and includes funding necessary to properly service, maintain and support the basic functions of District operations; it includes \$9,149,700 construction for the two (2) CIP Water & Wastewater Master Plans as well as \$2,840,379 for the approved CIP projects; and \$20,720 for future growth projects.

The CIP is broken down into Six (6) distinct areas – Wastewater Capital Improvements; Wastewater Structures & Improvements; Water Capital Improvements; Water Structures & Improvements; Equipment; and Infrastructure Replacement. All of the projects that are included as a part of the CIP represent projects that continue to maintain existing infrastructure, as well as preparing to accommodate future development.

The Water and Wastewater Master Plans that were commissioned late in fiscal year 2010-2011 were completed, have been reviewed by the Board of Directors and were accepted. Future residential and commercial development in Discovery Bay will determine the timing of any capital improvements necessary to accommodate any new growth.

#### Wastewater-Capital Improvements and Structures & Replacements

The Wastewater CIP and Structures & Replacements represent Twenty (20) projects at a total combined cost of \$8,723,079; of which \$7,895,100 is allocated the construction work of the Wastewater Master Plan which will be financed. \$827,979 is allocated for approved CIP projects including, Re-hab of Manholes, Raising Manholes, Spare NTU sensor and the Salinity Project, Collection Pump Station Improvements, SCADA Improvements, Fiber to Plant One and NPDES Permit Renewal Fee.

#### Water Capital Improvements and Structures & Replacements

The CIP for Domestic Water production includes Eight (8) projects at total combined cost of \$2,082,720. The projects include \$1,254,600 for is allocated the construction work of the Wastewater Master Plan which will be financed. \$807,400 is allocated for approved CIP projects including Well 8 design, Well 1B Pump Equipment and to replace 8-in Mainline on Discovery Blvd to Beaver Lane and \$20,720 is budget for growth induced projects.

#### **Equipment: Capital**

There are Three Equipment purchases listed for Administration, Water and Wastewater departments totaling \$155,000. These Equipment purchase are as follows; for a Leak Detection Tool \$30,000; \$100,000 for a 2 Yard Tractor; and Security Cameras for the Water and 1 Wastewater Treatment Plants \$25,000.

#### <u>Infrastructure Replacement Fund</u>

The addition of the Infrastructure Replacement Fund allocates \$1,050,000 in four distinct areas: Sewer Infrastructure; Pumps and Motors Replacement; Water Infrastructure; Generators and Facilities and Vehicles Replacement.

**Total Expenditures \$7.272M** 

## Town of Discovery Bay Community Services District Contra Costa County, California Parks and Landscape

The District maintains all the public parks and publically owned landscaped areas in Discovery Bay. The landscape areas in Discovery Bay are broken down into five landscape zones. Two of those zones are owned by the Town of Discovery Bay CSD, with the remaining three owned by Contra Costa County, and maintained under contract by the District. The five Landscaping & Lighting zones are:

#### <u>Discovery Bay Landscape & Lighting Zone #8:</u>

Zone 8 is owned and maintained by the Town of Discovery Bay CSD. This zone includes the landscape streetscape frontages along Highway 4, Clipper Drive, Discovery Bay Boulevard, Willow Lake Road, and a variety of smaller landscaped areas. Cornell Park & Roberta Fuss Tot Lot are also included in this zone.

#### Discovery Bay Landscape & Lighting Zone #9 (Ravenswood):

Zone 9 is owned and maintained by the Town of Discovery Bay CSD. This zone includes the landscape streetscape frontages along Wilde Drive and Poe Drive. Ravenswood Park is also included in this zone.

#### Contra Costa County Landscape & Lighting Zone #35:

Zone 35 is owned by Contra Costa County; but is maintained by Town Of Discovery Bay CSD. The zone includes the landscaped median islands on Bixler Road at the intersection of Highway 4, and a pedestrian pathway from the Sandy Cove Shopping Center to Newport Drive. There are also included two pedestrian bridges along the path.

#### Contra Costa County Landscape & Lighting Zone #57:

Zone 57 is owned by Contra Costa County; but is maintained by Town Of Discovery Bay CSD. This zone includes all landscaped streetscape frontages in and outside of the Centex Development, along Highway 4, a portion of Bixler Road, and two small parking areas. Regatta Park is also included in this zone.

#### Contra Costa County Landscape & Lighting Zone #61:

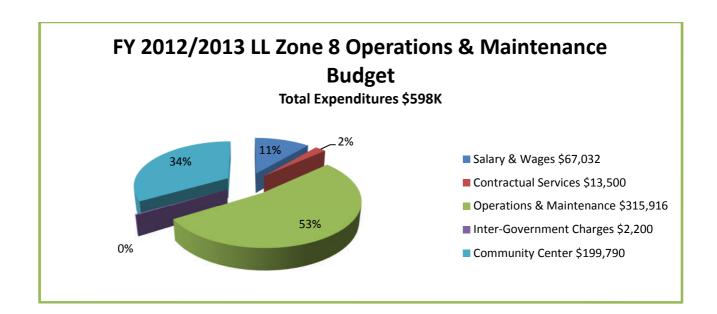

Zone 61 is owned by Contra Costa County; but is maintained by Town Of Discovery Bay CSD. This zone includes landscaped streetscape frontages along a major portion of Bixler Road, Point of Timber Road, the Park & Ride lot, a portion of Newport Drive, Preston Drive and Slifer Drive. Slifer Park is also included in this zone.

## Town of Discovery Bay Community Services District Contra Costa County, California Recreation & Community Center

New for FY 2013-2015, the Discovery Bay Recreation and Community Center was established to provide community based and age appropriate recreational programming. These activities will be the byproduct of the purchase of the Discovery Bay Community Center in FY 2012-13. Recreational activities take place throughout town; and the Community Center is the central location for those activities.

The Town of Discovery Bay closed escrow on a 7.25 acre parcel for the Town's Community Center. The site was formerly the Discovery Bay Athletic Club, and is located at 1601 Discovery Bay Boulevard, across from the Discovery Bay Shopping Center. The site consists of a 5,025 sq.ft building, an 8 court tennis center, and a 110,000 gallon swimming pool. Additional amenities include lush landscaping as well as bbq and picnic areas. In Feb of 2013 the Town transitioned the prior athletic club operation into the Community Center and operated the facility through June 30, 2013 in that capacity. The Community Center Committee was formed to help identify programs, hours of operations of the different facilities, and budgetary considerations moving forward.

The proposed plan was developed by forecasting actual historical expenses and known costs and integrating that data into a fiscal spending plan that best represents anticipated future expenditures. For FY 13-14 the Operations and Maintenance (O&M) program has a proposed spending plan of \$206,463.62. The CIP Proposed Budget consists of \$552,500 for FY 13/14 these projects include the facility renovation. Planned funding sources to assist with renovation cost are Park Dedication fees \$118,800; Measure WW Park Funds for \$65,000; and Water and Sewer funds of \$110,500.
